Life Insurance Settlements, Inc. is not a new broker jumping into an extraordinary expanding industry with inflated claims. It is not a broker that will provide you with one "in house" offer marginally above the cash value. LIS is one of the largest and most experienced brokers in the industry, with a management team that has hired and trained many of its competitors. It is a broker that will present your case to the most qualified buyers and will negotiate the highest offer, bar none, on behalf of you and your client. Just as important, we only work in the Life Settlement industry and do not compete with you in other markets.

Does your life settlement company offer the following:

- A management team and senior personnel that have been in the industry since its inception thirteen plus years ago?
- Licensure in all regulated states?

- The experience of completing over 23,000 settlement transactions?
- A seat on the Board of Directors of the VLSAA (the industry association)?
